

ACC SECTORIZATION

Effective Date: 16/5/2024 (AIRAC 2405)

Prepared by HvACC Navigation Department

Spyros Stavrakis (Interim Nav Director)

Ioannis Gaitaneris (Nav Deputy Director)

Το ακόλουθο έγγραφο έχει προετοιμαστεί για την ενημέρωση των εΕΕΚ του ΗvACC για τις αλλαγές στο sectorization του Ελληνικού FIR με το AIRAC 2405.

Οι αλλαγές αυτές έρχονται ως βελτίωση στον ρεαλισμό των ACC sectors, σε σχέση με την παρούσα απεικόνιση τους, έχοντας παράλληλα έναν βοηθητικό ρόλο, ειδικά σε event με υψηλά επίπεδα εναέριας κυκλοφορίας με την προσθήκη Upper Sectors.

Τα callsign είναι φτιαγμένα με μια πιο λεπτομερή και ρεαλιστική περιγραφή και πλέον χρησιμοποιούν την κάτω παύλα “_” αντί για “-” στον διαχωρισμό των sectors.

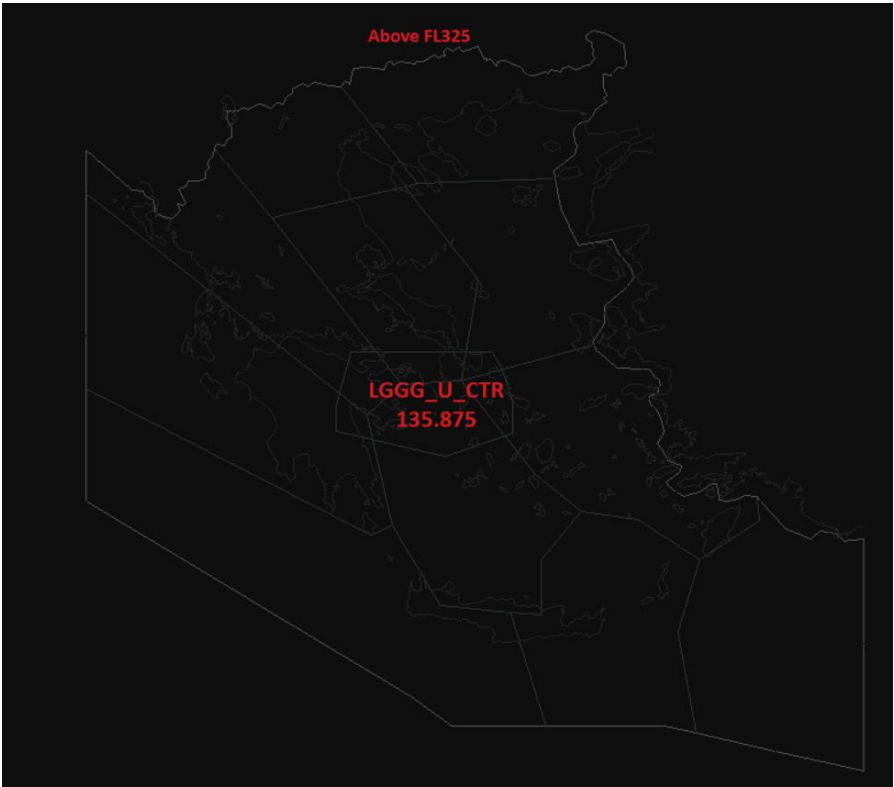

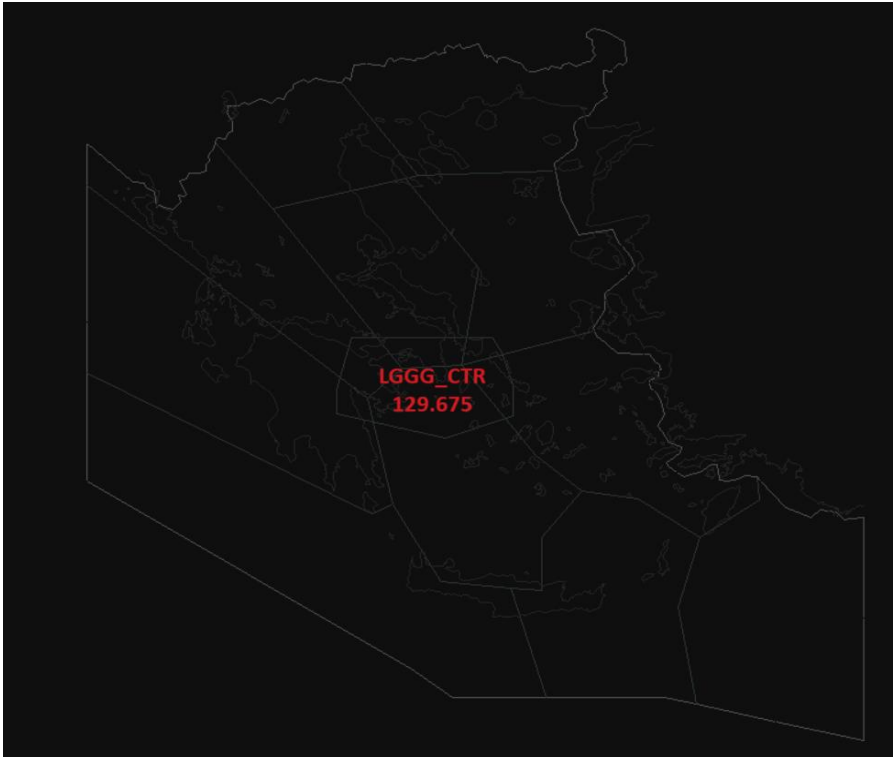

Υπενθυμίζουμε ότι τα lower sectors καλύπτουν και τα αντίστοιχα upper sectors όταν τα τελευταία δεν είναι ανοιχτά.
