

Transferring & Visiting Controller Policy (TVCP)

Version 1.1

HVACCC
where simulation meets reality

Transferring Controllers

In order to transfer into the HvACC, the applicant must comply with the following:

- 90 days shall have been passed since the last permanent rating upgrade
- 90 days shall have been passed since the last recorded transfer of home facilities
- 50 hours shall have been controlled with the last awarded permanent rating

After the transfer is completed, Transferring Controllers are subject to local rules.

Any Transferring Controllers, holding an S1 rating or above, will go through the local training program, unless deemed otherwise by the ATC Training Department.

Any Transferring Controller wishing to leave HvACC, after their transfer is completed, should wait until 3 months (90 days) have passed since their transfer into HvACC.

Visiting Controllers

In order to become a visiting controller within HvACC, the applicant must:

- Hold at least C1 rating
- 90 days shall have passed since the last permanent rating upgrade
- 90 days shall have passed since the last recorded transfer of home facilities
- 50 hours shall have been controlled with the last awarded permanent rating
- Comply with local ATC SOPs and LOAs
- Control their visiting position for a minimum of 15 hours per 6 months

Visiting Controllers will go through a course with an assigned mentor. Once deemed ready to operate the position in accordance with local rules, LOAs and SOPs, by the assigned mentor and the ATC Training Department, they will receive their endorsement for the requested position.
